EVENT OVERVIEW

17 years in the making, The Mining Show is considered the region's most practical mining and quarrying event.

Designed to encourage knowledge exchange, project development, and showcase the latest equipment and technology for operational excellence, The Mining Show helps to inspire participation from the region's mining and quarry companies.

The Middle East is currently undergoing a remarkable transformation, fuelled by energy transition and forward-thinking mining initiatives which are playing a key role in driving significant market growth. This progress is facilitated by the issuance of new mining licenses, creating new opportunities for mining, investment, and infrastructure companies.

The Mining Show is the definitive event that unifies all these elements – driving innovation, excellence and collaboration by combining major services and supplier-led exhibition together with a high-level multi-track conference, covering thematic priorities of the industry whilst attracting senior delegates from across the Middle East and Africa.

From key projects, the latest opportunities in mineral exploration, reformation of codes and regulations, and development of operations across several exciting countries, The Mining Show is your only annual opportunity to meet players in the region.

Get involved now in an event platform where projects are discussed, relationships are formed and business gets done.

The Mining Show Team.

NETWORKING & BUYER ENGAGEMENT

MOBILE APP

The Mining Show networking app takes targeted networking to the next level. Don't wait for the right people to pass you by chance, actively invite them to your booth.

- Access to all registered attendees through the app
- Connect with potential customers, send messages and meeting requests
- Scan visitor badges and score leads
- Schedule virtual meetings year-round

NETWORKING

While business is done on the show floor, relationships are often cultivated and strengthened at networking events. The Mining Show exhibitors and sponsors are invited to join a range of social networking events around the show.

- Evening networking party
- Networking lounge

HOSTED VIP MEETINGS

Gain direct access to a meeting programme of qualified buyers actively sourcing the latest products and solutions. Our dedicated team will arrange 1-on-1 meetings with our VIP buyers.

The event will host CXOs of leading businesses across the mining and quarrying value chain and from across the region. This is your chance to make new contacts and grow your business over two packed days of networking opportunities.

EXHIBITING

Nothing beats face-to-face engagement. The Mining Show creates two days of high-volume networking with over 5,000 leading stakeholders in the mining ecosystem – mining companies, quarrying companies, mineral processors, government, financiers, start-ups and incumbent tech innovators. Sometimes, it's the chance meetings that lead to the biggest opportunities.

DISTRIBUTORS WANTED

Companies looking to break into the MENA market can find a local partner through our distributor awareness program. We can promote your company as looking for a local partner to our database of local distributors.

Join many other examples of successful partnerships through The Mining Show. We can act as the gateway for your business to enter emerging mining markets.
