To: Embassy of Afghanistan  
to the Republic of Uzbekistan

The International exhibition company Iteca Exhibitions and its present their compliments and are pleased to announce the successful completion of the Spring Exhibition Season 2026.

The season comprised **12 specialised exhibitions, 4 conferences, and a series of seminars and masterclasses** covering key sectors of the economy. A total of **2,981 companies and brands** from **53 countries** participated in the events, alongside **302 speakers and 4,462 delegates**. The season recorded **77,278 visits** from representatives of **63 countries**, including **12,345 international visitors**.

We especially want to note the participation of **companies from Afghanistan** at the forums & conferences of the Season.

We highly appreciate your support of our events. As part of our preparations for the Autumn Exhibition Season, we are pleased to share with you the **list of upcoming events**:

|                                                                                                                                                                                   |                 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| 17th Central Asian International Textile Machinery Exhibition – CAITME 2026                                                                                                       | September 8-10  |
| 16th International Exhibition on Plastics and Polymers Industry– Plastex Uzbekistan 2026                                                                                          | September 22–24 |

| 8th Uzbekistan International Mining & Metals Forum – UIMF 2026                                                                                                                    | October 27-28   |
| 17th International Exhibition «Integrated Security – Securex Uzbekistan 2026»                                                                                                     | November 10-12  |
| 22nd International Exhibition on Transport and Logistics – Translogistica Uzbekistan 2026                                                                                         | November 10-12  |
| 18th Central Asian International Exhibition "Intelligent Manufacturing, Automation and Industry 4.0 – Machinery Central Asia 2026"                                                | November 10-12  |
| 5th Anniversary International Exhibition "Electronics. Electrical Engineering and Innovative Technologies - E-Tech Expo 2026"                                                     | November 10-12  |
| 31st Tashkent International Tourism Fair – TITF 2026                                                                                                                              | November 25-27  |

We also attach a calendar of planned events for 2027 to this letter.

With this letter, we kindly ask you to assist in informing the business circles of Afghanistan, including chambers of commerce, associations, unions, export support centers, state corporations and other state and commercial structures, about the above-mentioned events to plan participation in the upcoming autumn exhibitions of this year and events scheduled for the next year.

In case of interest on your part, we are ready to provide more detailed information on each project. We would be grateful for your co-operation in this matter.
